SUMMARY

Passionate, results-driven, and detail-oriented Frontend Developer with a strong academic foundation in Computer Applications. Proficient in building highly responsive, user-friendly, and modern web applications using React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and Bootstrap. Capable of implementing data persistence, third-party API integrations, and robust state management. Seeking a challenging Frontend Developer Internship at a progressive technology organization to leverage practical technical skills and contribute efficiently to scalable projects.

EDUCATION

Bachelor of Computer Applications (BCA) — **Currently Pursuing**

Swami Sahajanand College of Commerce and Management, Bhavnagar, Gujarat — **CGPA: 8.2 (Till Current Semester)**

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Tools & Tech: VS Code, Git, GitHub, Chrome DevTools, Postman, Vercel

Core Competencies: Responsive Web Design, Component-Based Architecture, REST API Integration, State Management (useState, useEffect, Context API), Clean Code, Debugging

PROJECTS

Employee Task Manager [Live Link | GitHub Code]

React.js, Tailwind CSS, JavaScript

- Developed a comprehensive task management dashboard featuring dual roles for Admin and Employee interfaces.
- Implemented secure core capabilities to create, assign, and track progress of employee tasks in real time.
- Utilized Local Storage for client-side data persistence and built structural responsive views using Tailwind CSS.

Personal Portfolio Website [Live Link | GitHub Code]

React.js, Tailwind CSS, Modern UI

- Designed and hosted a clean, high-performance personal portfolio showcasing structured technical projects, live application links, certifications, and comprehensive contact channels.
- Optimized layout responsiveness for multi-device cross-browser fluid rendering and fast loading speeds.

Weather Application

JavaScript (ES6+), HTML5, CSS3, OpenWeather API

- Engineered a fully dynamic application parsing live weather metrics and forecasts using location metrics.
- Handled API errors, conditional UI rendering state parameters, and styling fallbacks cleanly.

Currency Converter App

JavaScript, HTML5, CSS3, Exchange Rate API

- Created an active conversions platform retrieving up-to-date global currency exchange ratios dynamically.

CERTIFICATIONS & ACHIEVEMENTS

- JavaScript (ES6+) - freeCodeCamp
- Responsive Web Design - freeCodeCamp
- React.js - freeCodeCamp
- Frontend Development Libraries - freeCodeCamp
- Solved 300+ problems on LeetCode & GFG
- Consistent 4+ rating on problem-solving platforms

EXTRA-CURRICULAR

- Active participant in collegiate tech challenges
- Core member of the college technology community

LANGUAGES

- English - Professional Working Proficiency
- Hindi & Gujarati - Native Proficiency
